Jazz/World

Superbly recorded, engineered and played, Jazz/World is a consummate production from Harvey Summers at Swine Studios. Sublime playing by some of the best session musicians and African master drummers has led to a truly original concept sample CD that will blend seamlessly into your productions.

The package includes live played saxophones, flute samples, double bass samples and multis, jazzy keys, synths and a superb range of jazz drum kits, hits, multis and exhaustive percussion loops and samples. Never since 'On the Jazz tip' has there been such an influential collection of jazz and world influenced sample inspiration to merge into your productions and to breathe new life into your tracks.

All Jazz and World samples were recorded using a combination of vintage valve equipment alongside cutting edge digital technology to give you the best feel and quality.
