8 Bit Family 2

The 2nd edition of the well-loved series “8 Bit Family” is here, jam-packed with vintage videogame tones, loops, multi-samples and sound effects.

In 2003, Discovery released “8BIT FAMILY” – a classic sample pack stuffed to the gills with sounds of the old videogames. It has since become notorious the world over, received unanimous acclaim and even been crowned the “KEY BUY AWARD” by US KEYBOARD magazine in its July '03 issue.

Due to overwhelming demand and as a direct response to the feedback generated by the 1st edition, “8BIT FAMILY 2” has now been delivered. “8BIT FAMILY 2” contains over 530MB of 16-bit, 44.1 kHz recordings in Acidized WAV, REX2, KONTAKT, BATTERY and RNS (REASON3.0.4) formats. Its standout feature is without a doubt its convenient and comprehensive range of “Construction Kits”...

The main bulk of the 55 included kits enable users to produce interesting, complete compositions via a combination of Drum Loops, Bass Loops, Synth Loops and Vox Loops. The pack also contains some helpful Battery and Kontakt programs. Minimal fuss – maximum music!

To sum up: this new edition contains multi-format samples in a wide variety of styles and tempos to help expand the user’s production environment. All you need is a MIDI keyboard, and you’ll be cooking up crazy creations within minutes! “8BIT FAMILY 2” is not restricted to those who only like dance music beats – its samples and sounds work well with all genres.

Pick up this comprehensive and well-put together package of vintage videogame sounds today, and relive those classic nerdy moments in your music compositions!

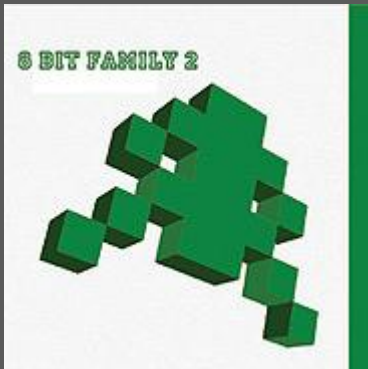

Tech Specs

- Acid WAV 277 files
- Rex2 267 files
- Kontakt 27 programs
- Battery 1 program

Licence Agreement

Usage:

You can use any of the sounds here in your own musical productions without paying any further fees to the Artist or to Loopmasters. We would like to stipulate that if you use a sample from this product in your work, that you credit the Artist and Loopmasters in the credits that you supply with your music. We would also like to appeal to your better nature when it comes to piracy, and please ensure that no third parties have access to your sounds, besides being a criminal offence it also means that musicians don't get paid for the music they create for licensed users such as yourself. Thank you.

Copyright/Licensing Notice:

All Rights not expressly granted to the user are reserved. The sound samples on this compact disc/download pack are licensed, not sold, to you to be reproduced within your original musical compositions only. All copying, lending, duplicating, re-selling or trading of this product or its content is strictly prohibited. Only the original purchaser of this product has the right to embody and reproduce the enclosed sound samples within their music compositions. Use of these sounds in multimedia projects is limited to use within original musical compositions. Any other multimedia use of these sounds must be cleared with the producer of this product prior to release. This license is granted for a single user only (and is given on a worldwide basis). The licence is non-exclusive and is granted for the full period of copyright protecting and sound samples. You cannot electronically transfer the sound samples or place them in a time-sharing or service bureau operation or a computer/sampler network. Opening this product constitutes your acceptance of these terms. The demo songs contained on the CD remain the property of Loopmasters and you are not permitted to remix, re-release, or redistribute this demo material without written consent from Loopmasters.

About Loopmasters

Loopmasters officially launched early in 2003 with the aim of producing flexible sample libraries for producers and musicians who required top quality playing from seasoned professionals to integrate into and inspire their music.

Our challenge is to provide you with the best samples and music software that money can buy. Loopmasters Studio HQ is based in Brighton, England, a south coast town with a healthy music scene, and the producers that work on our material are of the highest quality, and come from all over the world.
