

Minus Clockwork

Minus Clockwork is the minimal library with a clear mechanic flavour: 820 Mb of concrete machine sounds, vocodized and granular beats, glitch patterns, warm low frequencies, voice loops, synth & bass instruments and much more.

This elegant collection is extracted from Tech Producer DSP and its XPanders and consists of 865 worldclass quality WAV loops and samples, 420 REX2 loops, 1080 Ableton Live instruments and compatibility patches.

These punchy loops are built around unusual structures and allow you to create particular rhythms in few steps, the sliced versions (REX - Live DRacks) guarantee you easy manipulation and re-structuring. Minus Clockwork is the right choice for minimal productions or to add a mechanic soul to your House and Tech tracks.

About Loopmasters

Loopmasters officially launched early in 2003 with the aim of producing flexible sample libraries for producers and musicians who required top quality playing from seasoned professionals to integrate into and inspire their music.

Our challenge is to provide you with the best samples and music software that money can buy. Loopmasters Studio HQ is based in Brighton, England, a south coast town with a healthy music scene, and the producers that work on our material are of the highest quality, and come from all over the world.
