## USING THE SAMPLEPACK

These Samplepacks should be very straightforward to use for most familiar MPC users, but the following information should help you to get right to the good bits quickly and save any wasted time!

The packs are split into 4 main folders

- 1 DRUM HITS these contain all of the separate drum hits arranged into separate folders by type
- 2 DRUM KIT PROGRAMS these contain individual folders of pre assembled drum kits including the programs for all MPC machines
- 3 LOOPS contain all the patched phrased 2 loops which are stereo loops which follow tempo of the sequencer similar to rex or acid loops.
4. SOUNDS AND FX this folder contain various folders for any one shot or multi samples such as effects or instrument stabs and hits

### SAVING ONTO MPC

- Once you have unpacked the file you need to copy it onto either a compact flash card or if you have it installed an internal hard drive.

- Connect the MPC to a PC or Mac via USB (see Akai Manual for Further Details)
- Copy the pack from your computer onto your chosen device
- Safely close the USB connection (see Akai Manual for Further Details)
- Disconnect the USB lead.

### LOADING

- Press the Mode button followed by disk (pad 3)
- Use the arrow keys on the MPC to locate the Root folder depending on where you have saved it too it will either be on the CF card or the Hard drive.
- Again use the arrow keys to browse the folders and the file or files you wish to load
- Press DO IT (F6)

Note pressing DO IT (F6) on a single folder will load the entire contents of the folder as long as that folder does not have further folders contained within it.

## ABOUT THE PRODUCERS
