

Global Beatworks Vol. 3

This is the third volume in the Global Beatworks World Percussion Series which features the drumming expertise of Master Drummer Simon Webster, who is recorded by long term friend and notable engineer/producer Ike Nossel.

The Series captures the diverse range of percussion instruments from around the world which Simon has collected, and will bring these unique sounds and his perfect playing style to your productions, adding new inspiration or simply a live played groove to complement your tracks.

Global Beatworks vol3, Cairo to Casablanca concentrates on the drums and percussion most usually found in North Africa and Egypt, and so presents a unique blend of traditional sounds and patterns, with everything captured perfectly in the mix. Expect to find Darbuka, Djembe, Bongos, Shakers and Finger Cymbals among the collection of royalty free percussion loops on offer here.

Using tempos of 92/98/105/110 and 115 beats per minute, the collection features 90 extended mixed loops including Bongos, Shakers, Darbouka, Djembe and Egyptian Drums.

If you are looking for authentic North African percussion for your productions or simply need a real percussion sample to add to your music to bring a human feel to your track, get to know the Global Beatworks percussion library – real sounds, played with natural rhythm!

About Loopmasters

Loopmasters officially launched early in 2003 with the aim of producing flexible sample libraries for producers and musicians who required top quality playing from seasoned professionals to integrate into and inspire their music.

Our challenge is to provide you with the best samples and music software that money can buy. Loopmasters Studio HQ is based in Brighton, England, a south coast town with a healthy music scene, and the producers that work on our material are of the highest quality, and come from all over the world.
