Razor FX is an ultra-professional collection containing over 600mb of crystal clear 24-bit audio sound effects.

These have been created specifically for elite music producers, sound designers and soundtrack composers.

If you are looking for world class, razor sharp effects, this comprehensive collection will deliver the tools you need to streamline your production workflow. Inside you will find well over 300 industry SFX Samples organised in easy to navigate folders: White Noise, Sweeps, Swells, Synth FX, lasers, Reverse, Hits..and lots more...

The sound effects have been mastered and processed with the finest attention to detail; no corners have been cut in the making of this charismatic sample library...and as an added bonus you will find a selection of dry, and effected sounds here for more flexibility.

This essential sound effects sample pack is perfectly suited to blend, gel, and solidify your multi-media productions together effortlessly.

In essence, The Razor FX Sample Library contains everything you need to customize your media projects with a unique pool of crisp, current, and professional SFX at your call, when you need them.
