Bored of those old Reason sounds? Why not beef things up a bit with a brand new Reason Refill containing modern, up-to-date synth sounds for the Subtractor and Malstrom. In this Refill you will be exposed to 431 expertly created synth patches for instant injection into your music production. Amongst the multitude of new sounds, you will find dedicated folders containing big phat nasty sub-bass synths, massive leads, sawing synths, sonic synth percussion, heavenly pads, cosmic sound effects, heart-racing rhythmic synths, polysynths, mono synths, and much, much more! We have taken into account the current evolving music scene and felt it was time someone came along with a Reason Refill that embraces the latest sounds heard in the clubs today; the sounds found in this Refill have been specifically designed to work with all forms of current club music, check out the Demo showcases to get an idea of what this Refill has to offer (all the synth/chord/bass/lead sounds in the demo showcases are from this Refill). We know how much it means to have new inspirational sounds on demand here at Prime Loops, and being presented with over 430 brand new professional patches for instant download can't be a bad thing...so get rid of those default Reason Subtractor & Malstrom synth patches and go ahead and enjoy using lots of new exciting synth sounds today!

**NOTE: THIS REFILL IS ONLY COMPATIBLE WITH REASON 4+**
