Bass Downtempo Bassline Dub

Push Button Bang proudly presents the perfect sample collection dedicated to producers working in the genres of Dubstep, Grime, Breaks, Drum and Bass and Dark Modern Electronica! A journey into the darkest depths of dub, Dark Dub gives you the ability to create all types of modern dub related electronica, and includes twisted, soaring, club shaking Bass elements and a huge selection of highly usable single drum hits and Fx elements, Texture Fx and instant seamless intro backdrops and panoramic evolving Soundscapes. The beauty in this collection is the huge sonic range it gives you, with so many usable sounds, easily located and placed into your productions - whether you are starting from scratch and need inspiration or searching for that elusive unique sound that will set your music apart, Dark Dub is a spectacular collection of Dark Dub sounds and samples with the modern urban producer firmly in mind. This huge collection weighs in at over 700Mb before file duplications and includes 1450 Wav Samples, 500 Rex files and over 350 Patches ready to play in all popular Soft Samplers (Reason NNXT, Halion, Kontakt, EXS, SFZ). The Reason refill version also includes 110 Redrum Drum Kits - ready to load and start creating Dubstep beats immediately! The Dark Dub downloadable sample collection includes 175 Cone Melting Bass Loops, 580 Single Drum Samples, 100 Rhythm loops, 100 Texture samples, 128 Musical Melody Loops, 140 Hits and SFX Samples, 195 Single Bass Sounds, and 45 transition samples. The patches include 55 Bass Multisamples, 12 Drum Multisamples, 100 Texture patches, 145 SFX patches and 45 transition patches. Sample the future of Dark Dub, a sound that's causing huge ripples in the scene right now - and harness the power of Push Button Bang - the new label with quality samples and great BANG for the buck!
