Good lord Moogalicious Funk Loops is hot! A colourful blend of authentic synthesizer loops truly capturing the funkaholic sound of the future. Producers of Urban and Dance music will find a stunning array of world-class recordings influenced by landmark musicians such as Stevie wonder, Parliament, Herbie Hancock, Mowtown Records, George Clinton, The Crusaders, Kool & The Gang, Funkadelic, Sly & The Family Stone and many more. Inside you will find over 140 juicy loops and combinations, for example, one loop combination set could contain: chords, bass, lead and pad, which all merge effortlessly together in the same tempo and key signature for a streamlined production experience. Check out the audio demo showcase to get a feel for the pure burning heat to be found inside this collection! Expect smooth sultry chord progressions, outrageously chunky moogalicious leads, funky downtown brass licks, plump floor-filling analogue flavours, squelchy moogmatic bass patterns, sexy swingin' grooves, and lots, lots more! Everything has been passionately hand-played by extremely talented musicians from the day, and the loops have been recorded in 24-bit audio to preserve their natural warmth. Each recording been treated with light mastering at our state of the art recording facility with great care and attention to detail As with all Prime Loops Sound Suites, Moogalicious Funk Loops is completely copyright free, and available for instant download. This vintage yet nu-skool release delivers tempos from 90 all the way up to 130Bpm; and you can choose from a variety of formats such as Acid Wav, Rex2/RMX, Apple Loops, MPC and many more...this gives you maximum flexibility and adaptable tempo control at the push of a button. These classic loops are extremely broad in their musical appeal and can be used to create a diverse range of genres including Hip Hop, Funky, Deep & Soulful House, R&B, Chillout, Funk, Soul, Broken-Beat, Garage and a whole bunch more! If you've got the funk, the whole funk, and nothing but the funk, Moogalicious Funk Loops is quite simply a must have!
