

# Acoustic Matter

Formats: Wav Acid Rex2 Apple Loops GarageBand

Genres : Chillout Downtempo Drums Hip-Hop Rock Guitars  
Strings

This jam- packed sample collection contains 312 Samples of essential, acoustic instruments. Covering all angles, Acoustic Matter provides 89 solid drum patterns, 102 mesmerizing, atmospheric guitars loops (picked and strummed), 33 accessible Conga loops, 60 big, smooth bass lines and 28 flowing, melodic string lines.

With driving beats, chilled out grooves, melodic hooks, and versatile chord progressions, this package contains all the essentials that easily slide in and out of various genres. Whether you're mixing these sounds into your latest dance track, soundscape, or adding to a hip hop or drum n'squo; bass creation, you'll find that Acoustic Matter delivers inspiration across the board with a variety of unique characteristics and original ideas.

All instruments are played live and are recorded using top of the range, close mics in our Organic Loops studios. Our mastering equipment provides maximum sonic presence for that extra injection of clarity into the mix. Keep an eye out this year for many more of these bundle releases. We are privileged to have featured some of the top session musicians across the U.K. such as Ellie Wyatt, Joe Giddy, Nathan Williams, Clark Coslett-Hughes, and Rob Humphreys. Formats include Acidized Wavs, Apple loops, and Rex2 files.
