'Fidget' House is the new buzzword around town and is a style of house music that incorporates other dance music styles including Electro, Techno, breakbeat and UK Garage. The sound of Fidget House is defined by snatched vocal snippets, pitch-bent bass lines and rave-style synth stabs over glitchy 4/4 beats.

Artists such as Trevor Loveys, Herve, Fake Blood, Digital Filth, Switch and Jack Beats have exaggerated the initial elements of fidget and progressed things on to new levels which make this genre more challenging from a production perspective, and perfect for the dance floor as the mash up medium of choice for many producers and clubbers worldwide in 2009.

Out of the UK and now spreading like a virus across the world, Fidget House Production is currently undergoing an explosion in popularity, and we have managed to enlist the creative talents of Darren Payton to produce the Loopmasters Fidget House Sample Pack.

Featuring over 595 Fidget House Samples, this is a masterful and innovative sample pack including 59 Heavyweight Cone Wobbling Basslines, 55 Slick and Glitchy House Drumloops, 30 Music Loops, 30 Filter Loops, 14 'Blip' Loops, 19 'Creep' Loops, 21 Filtered and Processed Vocal Loops, More than 270 individual Drum Samples, 47 Stabs, 18 Vox Hits and 26 Sweeps.
