

## Drum N Bass Rough Connections Vol3

Formats: Wav Acid Rex2 Apple Loops

Genres : Breakbeat Drum and Bass

Just when you thought it was safe BHK and Industrial Strength are back again with Rough Connections Volume 3.

RC Volume 3 is jammed with well produced bpm keyed new school D n B drum Loops, kicking sounds and wicked FX Loops for your ever growing Drum n Bass sample library.

This sample pack has specially programmed non recycled drumloops as Wav and Rex 2 files for easy layering to create your own breaks or loops. As well as Acidized wav files for instant drop & rock performance.

RC 3 also contains endless playable Reeses Bass sounds in forward & backward sampler mode. Wild EFX sounds and useful Sound Scapes to fill in the deep gaps in any style Drum n Bass production.

It does not stop there, this pack is not only for Drum n Bass productions. Producers of similiary genres such as Hardcore, Break Kore, & Dub Step that are looking for usable drum Loops, EFX and tripped out Sound Scapes will get more then enough license free samples to use in any electronic music production.

The possibilities with this new collection are endless, so don't miss out on this fresh and truly new massive sound source for your sound collection.

Alex Borel has truly out done himself on this follow up pack to the ever growing Rough Connection D n B collection.

if you have bought any of the other Rough Connection sample packs, Rough Connections Volume 3 will not dissipoint you in anyway.
