

## Vintage Breaks Vol1

Formats: Wav Acid Rex2 Reason Refill Apple Loops

Genres : Breakbeat Breaks Drum and Bass Electro Dubstep

Back in the days of early electronic music its was essential to have&nbsp; breaks that provided a live feel to give tracks that&nbsp; grooving feel.

Inspired by the almighty Amen break & many other well known classic grooves. Industrial Strength's Vintage Breaks&nbsp; is a must have for any DnB, Funky Breaks, Dub Step, Techno & electronic music producer.

This unique Industrial Strength pack dives deep into the needs of the modern music producer while keeping the old school flavor alive. With 380 original license free samples performed live by underground New York&nbsp; drummer Evan Pazner. The loops were made using a late 1960's Ludwig drum kit similar to the kit used in the famous Amen break.&nbsp; This pack contains all you need to produce the hottest drum tracks in any style with out having to dig into record crates to get the true sounds of vintage breaks !

The loops were created in various tempos and formats to meet the needs of the producer just starting out and the more advanced user. Vintage Breaks contains Apple Loops, Rex 2, and Acidized wav as well as a single hit drum shots to create your own patterns with.&nbsp; Vintage Breaks&nbsp; is also available as a Refill for Reason users.

The pack is produced by Bhk, Lenny Dee & Derek Nievergelt at the Tight Spot Studios in Brooklyn New York. The&nbsp; samples were made in ProTools Hd @ 24 Bit 44.1 k.

All the drums were recorded in a dead room to limit the room reflections and standing waves giving you more flexibility when using the breaks in your track. Various microphones and vintage pre amps were used in each recording to give you that&nbsp; dirty old school record style feeling with outcompromising on the quality of the drum sounds and loops. All the loops are pumped up while leaving loads of head room for you to add your own effects & Eq.

The breaks were edited and reworked by ISR's head sound designer BHK to give you perfectly cut authentic sounding grooves that are totally usable in today's modern music production.&nbsp; BHK's drum and bass sample packs are some of the best selling packs in the DnB genre and his loops and sample's can be heard on many current DnB productions.

If your looking for that kicking old school break and don't want to worry about sampling a record and running into copyright&nbsp; issues then Vintage Breaks Volume One is the perfect solution for your production needs.
