

BHK Drum & Bass Rough Connections Vol. 3 - Essentials

Formats: Wav Acid Battery Apple Loops GarageBand

Genres : Drum and Bass Dubstep

BHK provides a new exciting set of drum sounds and loops to add to your ever growing sample collection.

Essentials Volume 3 contains new loops layered drum hits all re-worked from Special Edition Volume 3 Dub Step , Rough Connection Volume 3 and Special Edition Volume 2 DnB.

A cool collection of new 24 Bit drum loops were also created specially for this pack. The BHK loops are in Acid wav, Rex.2 and Apple Loops for drop and rock performance in any Daw. The drum hits are in both 16 Bit Wav & Aiff. formats.

The pack contains a staggering 531 drum hits great for Drum and Bass, Dub Step Break Beat, Hip Hop, and pretty much any electronic music style you wish to create.

Native Instruments users will be pleased to know we have included 4 Battery 3 kits from Rough Connections Volume 3. Each Battery 3 Drum Kit has 4 usable Combo kits so your ready to start programming patterns directly after loading it into your DAW. 16 ReDrum Kits are also included for Reason users.

BHK provides some really raw and layered drum hits so you can create your own new snares layers with ease. Each hit is pumped just enough so you can effect each sample without running into head room issues.

This flexible Industrial Strength drum pack has more than enough license free content to make Essentials Volume 3 your go to source for modern synthetic drums.

BHK Essentials Volume 3 has everything you need to create authentic sounding drum tracks and loops all in one pack.
