

The Techno Konstruktion Kit

Formats: Wav

Genres : Techno Trance Minimal House Tech House Progressive House

Get ready for an audio assault on your ear drums with 'The Techno Konstruktion Kit'. Over 445 brand spanning new Techno & Minimal Techno samples & loops. Designed from the ground up this techno konstruktion kit is an awe inspiring collection of techno samples which will fit perfectly within any techno producers sample arsenal.

The attention to detail is astounding within this techno sample pack with each techno and minimal techno sample & loop oozing both quality and style. We believe this techno konstruktion kit is an absolute must for any producer looking to expand their techno sample library.

As with all our konstruktion kits we cover the most essential samples and loops to get your music productions rolling. Loads of drum loops, bass loops and synth loops for starting block inspiration. An extremely high quality drum kit with drum sounds created and suited to your genre. Bass samples to program your own basslines and fx to create transients and add the icing on the cake. If that wasn't enough we're supplying all our konstruktion kits with 24 bit wav samples and all key information including bpm and key note within the filename of every sample giving you all the information you need.
