

Soundsystem Vocals Vol3 Dennis AlCapone

Formats: Wav Rex2

Genres : Vocals Urban

Sound System vocals are always in demand, indispensable for reggae specials, dub step productions, DnB and Hip Hop remixes. Alcapone's fresh and original vocal samples are ready to drag and drop on the fly and bring some sound clash vibes to your mix!

Dennis Alcapone is simply a legend, one of the original pioneers from the 60s. He can be heard on many reggae classics such as "Guns don't Argue" and "DJ's Choice". Dennis Alcapone is one of the original Dee-Jays, a classic performer of extraordinary talent. Influenced by U Roy, his excellent D.J skills and ability to toast over the tracks made El Paso the leading sound system of the time. He has worked with a huge list of reggae legends such as Lee Scratch Perry, Mad Professor, Augustus Pablo and Dennis Brown.

Filled with Reggae vocal lines and hooks, this first vocal sample pack from Alcapone explodes with Jamaican energy at its best. Whether you are producing the next dance floor hit, rolling a fat film track or are simply looking for some fresh energy to spice up any of your musical productions, Alcapone's vocal loops and samples, perfectly recorded by Mike "Prince Fatty" Pelanconi of Drumdrops fame will ignite your tracks, giving your productions a unique and authentic sound.

For producers of Reggae, Dubstep, Drum and Bass or other Urban styles, this is simply a unique opportunity to utilize one of Jamaica's most famous vocalists within your productions totally royalty free!

Recorded and mixed vintage style with tape echos and compression through warm analogue signals and through only the finest vintage equipment - clean alternative version supplied.

It is true to say that Dennis Alcapone is a living legend. His DJ skill, vocal talent and musician-ship have earned him a well-deserved place in modern music history, and now with Dubdrops and Loopmasters you can add some Alcapone vocal spice to your productions to make your own musical history!
